

On behalf of the Centre of Languages and Communication, **we invite all Erasmus students to participate in classes on *European business culture with elements of Polish language and culture.***

The classes are a great opportunity to familiarize students with business etiquette and the basics of Polish language, which allows a better understanding of Poles and a more comfortable stay in Poznań.

Additionally, students get to know typical Polish customs and traditions and learn a bit about the culture. They also find out where it is worth going for a weekend or in which restaurant to eat and try out traditional Polish dishes.

Having completed the course, students receive 2 ECTS points.

The course does not end with an exam, and attendance and activity during classes are the most important issues.

We invite you to participate in classes from 30 September, 2024, which opens with *Orientation Week* (consisting of workshops, lectures and a city tour around Poznań). ***Orientation Week* is held between 30 September - 02 October, 2024.**
